Last year, the Dean of the College of Arts and Humanities created a COVID Relief Fund to help support TTK faculty in completing scholarly and creative projects. This special purpose fund will continue this fall, 2021, to help assistant professors and associate professors who have had limited access to materials and other resources they need for projects that are important for tenure and promotion purposes.

Funds up to $1,000 will be awarded to TTK faculty who can demonstrate a need for funds due to COVID. The project funded must advance faculty’s promotion and tenure goals. Priority will be given to assistant professors but associate professors are eligible as well. Funds must be expended by the end of the 2022 calendar year.

Examples of acceptable requests are: costs for digitization of materials from an out-of-state library or archive; hiring research assistants or archivists at an hourly rate to obtain research materials from an out-of-state museum; postage and shipping to receive materials to your home. Travel is now eligible, provided that it is necessary and essential to completing the research that was stalled due to COVID. Travel must also fit current UMD travel restrictions. This special purpose fund will not support teaching releases, summer salary, or stipends or cash support for any other reasons.
